Book Title:
Double Identity

Author:
Margaret Peterson Haddix

Why did you decide to read this book? Did a friend suggest it? Did it have an interesting cover?:
I had read one of the author's earlier books, Running Out Of Time, for school and really liked it, so when I found this one i decided to give it a try.
What is the story about?/What happened in the story?:
It's about an average preteen named Bethany who is sent to stay with her aunt while her mother is supposedly being treated for a mental condition that leaves her worried and depressed. The last words Bethany hears from her father before coming into her aunt's house are: "Bethany... doesn't know anything about Elizabeth." But Aunt Myrlie is being really secretive about Elizabeth, whoever she is, and it's not long before Bethany discovers three dark, unsettling secrets about her past- the last two even Myrlie can't protect her from.
Why did you like this story? or Why did you not like this story?:
I adored this story because it's like sci-fi, fantasy, realistic fiction, mystery, suspense, horror, and even historical fiction all rolled into one.
Other thoughts or feelings about this story? Anything else to add?:
