Why did you decide to read this book? Did a friend suggest it? Did it have an

interesting cover?:
I saw this book in the library, in the young adult section. I thought it looked interesting, so I checked it out. It's a really action-packed manga!
What is the story about?/What happened in the story?:
The story is about a 9-yr.-old girl named Lucy snow. She is looking for a school called "St. Galbat's school for young ladies". But instead, she found a school called "Hollow Fields" instead. In Hollow Fields, she starts to learn how to be a mad scientist. But, in the school, one child is sent to detention... but NEVER RETURNS!
Why did you like this story? or Why did you not like this story?:
I loved the book because it showed a girl who was willing to learn forbidden sciences, just for the sake of some children who didn't even really care for her! THAT is loyalty!
Other thoughts or feelings about this story? Anything else to add?:
I felt that it was very well written and was also drawn well. It was a good story.
