Why did you decide to read this book? Did a friend suggest it? Did it have an interesting cover?:
I decided to read this book because I've had it before. I found it at story time this week at the library.
What is the story about?/What happened in the story?:
A girl who found a kangaroo and many other animals in different rooms of the house and she had to put them all out. And she found a large baby moose blocking her view out of the door and she had to push her out of the way so she could get through. And then when she wanted to ride on her tricycle she found a tiger who wanted her to push him along to the Taj Mahal Circus.

I like this book because it is funny and there are lots of different animals.
