Homeland is absolutely great tv drama! Imagine a decorated United States Marine who unexpectedly returns home from Iraq after being held a prisoner of war. Further imagine that the CIA has credible intelligence that a returning soldier has been converted into an Al-quaeda operative. Now imagine the clash of a war hero trying to clear his name with the CIA when the CIA suspects him of being a terrorist. Season one of Homeland will keep you on the edge of your seat. The library has five copies of the first season.
