if missing capitals drive you crazy, this may not be the book for you. however, i hope you will try it because *the colour of milk* brims with a young girl's voice. despite the fact that she lives on an english farm and does back-breaking labor from dawn to dusk under her brutal father's command, mary still possesses a sense of wonder at the world.

the time period covers the years of our lord, 1831 and -32. throughout this compelling novel, mary repeats over and over "this is my book and I am writing it in my own hand". you'll have to finish it to understand why these words resonate.

mary shares the harsh farm work with her mother and three sisters. violet sneaks off at night for sensual adventures in the hay loft. (mary discovers this when she goes out to press her head against the cow she loves dearly and almost the only creature who gives her any comfort).

whenever she is not working, beatrice holds a bible in her hand, but when she recites what is inside it, mary notices that she's holding it upside down. hope suffers from the same bad temper as their father and dreams of living in her own house with a rich husband. **[Read more »](#)**
