If you're getting antsy for your copy of *The Hit* to arrive, don't fret, we have some other titles that will entertain you with spies, assassins, and fast-moving fiction. In *The Hit*--second in the Will Robie series after *The Innocent*--the U.S. government has hired Robie to track down a fellow assassin who has gone rogue, but in the process of searching for her, he finds some information about immanent threats that would prove very deadly should they occur.

Here are a few suspenseful, plot-driven novels that might keep you biting your nails and imagining dark scenarios while you wait for Baldacci's latest page-turner:

The Lost Symbol by Dan Brown. If you like reading about cryptographers, mysterious secrets, and obscure organizations, try this one. The hero goes to D.C. to give a speech where he discovers that a good friend has been abducted. Follow him as he solves complex puzzles as he searches for his friend.

Lethal by Sandra Brown. There are easier people to run from than the FBI. But when suspected murderer Lee Coburn visits Honor Gillette to find an object left behind by her late husband, Honor and Lee fight a web of corruption to find answers. This fast moving plot involves the trafficking of guns, drugs, and girls. And yes, a romance develops between Lee and Honor. Who can resist steely blue eyes? **[Read more »](#)**
