Stand up, dance, shout, and sing out during this special film showing for individuals living with autism. With the lights turned up a bit and the sound turned down a tad, you can relax and enjoy our presentation with family and friends without worrying if someone will complain or be disturbed by noise or movement. Check the bulletin board in Movies and Music department or call 349-3200 for our film's title. All ages are welcome. **Drop in.**
