

Microsoft Excel Basics - Ellettsville

Ellettsville Program Room

Thursday, March 28, 2013 | 2:00 pm - 4:00 pm

In this class, participants will learn the basics of Microsoft Excel. This is a popular spreadsheet application that allows users to keep track of budgets and finances, create charts, and organize information. Participants registering for this course should have at least basic computer skills, or take the basic computer course at the library.
