

Technology Speed Dating - Bloomington

Atrium Space

Thursday, November 14, 2013 | 7:00 pm - 8:30 pm

Join us for a quick, hands-on review of the latest and greatest in tech. Students from Indiana University's Technology Management Club set up tech stations in the Library for you to sample various hardware and software options. **Drop in.**

Get familiar with:

Microsoft Office 2013: check out the newest features and changes in Office

Windows 8: test out the newest operating system from Microsoft

IFTTT: learn how to put the Internet to work for you

Feedly: discover a better way to read and share the content of your favorite websites

SmartArt in PowerPoint: learn how to take your presentations to the next level

Computer Hardware: learn about the basic components of your computer

7-8:30 p.m.

Thursday, November 14
