

Teen Hackjam

[Main Library Teen Program](#) » [Maker Program](#) » [Program Room 2C](#) »

Saturday, June 29, 2013 | 11:00 am - 5:00 pm

Learn to (legally) "hack" the Herald-Times or any other online newspaper or webpage. Create and publish news or stories about a superhero you made during 12 Hour Comic Book Day, or you and your friends, family, team, pets--whatever you care about. Expert writers and journalists will first help you create, write, edit, and design for the Internet. Working individually or collaboratively, you will then find a newspaper or website to remix using the X-Ray Goggles tool in any web browser. No previous experience in web design is required. Please register.
