2016 Annual Report

2016 was another wonderful year of engagement with you?our

community?through entertaining and educational Library programs and services, from the Maurice Sendak Exhibit to the opening of the new Baby Space. And as always, Library staff provided the high quality, personalized customer service you expect as you read, learned, discovered, and created your way through the year.

Strategic Plan

Advancing technology, a growing community, changing needs of many Library users, and limited resources challenge us as we seek to set priorities for collections, programs, and services for all ages. The Library Board and staff know that you expect MCPL to provide the best value to the community for taxpayers' investment.
