Title:

Husband List

Author:

Evanovich, Janet

This is a:

book

Your Review:

I was disappointed in this historical romance even though I am a fan of both Evanovich and historical romance. Caroline does not meet the standard of Evanovich's typical playful, quirky heroines. The one dimensional treatment of her mother's motivation for an aristocratic marriage is not convincing as the basis for the major plot conflict. The previously published "Love in a Nutshell" is a much more satisfying story with contemporary descendants of "Husband List" characters.
