How I Survived Middle School Series

Author:

Nancy Krulik

Why did you decide to read this book? Did a friend suggest it? Did it have an interesting cover?:

Well... I finished a series of the Candy Apple Books and I wanted to read more. When I was little, these books became really boring. So I waited another year. And it got really interesting. I wanted to know what middle school is like. Even though I'm not in middle school yet.

What is the story about?/What happened in the story?:

It is about this girl Jenny. She's in the sixth grade and it's her first year. Her best friend, Addie, dumped her and she became a Pop, such in popular. Now they are archenemies.

Why did you like this story? or Why did you not like this story?:

I like these books because you get to know what it feels like. She had lots of problems with her friends but they become friends again. And the Pops are just thinking of makeup and stuff. They think they're better than Jenny's group of friends- which all Pops do.

Other thoughts or feelings about this story? Anything else to add?:

nope
