Why did you decide to read this book? Did a friend suggest it? Did it have an interesting cover?:

A couple of friends and myself are interested in re-written fairy tales. We were in our Book Fair and decided that we had to check it out.

What is the story about?/What happened in the story?:

This book is a remodel of Sleeping Beauty. It is were Gwendolyn (a.k.a Sleeping Beauty) and her sister Annie, are trying to save Gwendolyn's Prince. There are also many different fairy tales in there quest. Their quest is were there is a dwarf that cast a spell on Gwendolyn's Prince into a bear. Will they ever find the dwarf to undo the spell. Will Annie and her prince ever help Gwendolyn and her Prince. I don't know. I guess you will just have to read the book your self.

Why did you like this story? or Why did you not like this story?:

This book is mysterious, romantic, adventurous, and so much more all warped into one.

Other thoughts or feelings about this story? Anything else to add?:
