**Write a review of the book, including plot points, if you wish:**

Boneyard is about a man name Michael Paris, who inherits a small amount of land from his grandfather in a little town called Raven's Hollow. When he gets there however, he finds that the "small amount of land", is actually a cemetery. Also, the people living there are monsters, including Abbey , the vampire, Ralph, the werewolf, Sid, the skeleton, and Nessie, the swamp creature. Soon, he finds though, that the towns people want to tear down the cemetery, and he tries everything he can, to save his new friends.
