**Write a review of the book, including plot points, if you wish:**

this book is about a boy named Mario and he helps his father run a newspaper stand in Times Square New York and meets a cricket named Chester who found his way from his home town in Connecticut. Chester meets Mario and they become good friends. They also know a cat named Harry and a mouse named Tucker. They all were really good friends. Mario finds out that Chester makes this marvelous music that sounds like a violin with his legs. Well, this music attracts all kinds of people. Well, pretty soon he becomes famous and makes a lot of money for Mario and his family since Mario was poor, it helped them a lot. But then after all of that fun and excitement, Chester leaves to go back home.
