Write a review of the book, including plot points, if you wish:

This book was good because of the imagery the author put in to entice the reader and get their attention. The series of events was easy to follow yet could have deeper meaning depending on the reader's literature skill level. The growth of Esperanza in the book is amazing because she starts in the book basically as a spoiled brat but when her father dies and she becomes poor, she has to adjust to her living arrangements. The reader would have never believed with the way Esperanza was treated before that someone could change so drastically so quickly. Esperanza amazed me as well as others who read the book.
