**Write a review of the book, including plot points, if you wish:**

This novel is so brain-busting that you might get a headache. It starts out slow, but you have to stick with it to get the full essence of the series. Currently, I am reading the third book and am so glad I picked up the first. The book is exciting, fresh, and totally unique. Not only original, its also captivating. This book picks you up, holds you close, and makes you consider that time travel could be real. Keep thinking, science-lovers!

**Would you recommend this book?:**

Yes, definitely! I would give this book to anyone who loves science, time travel, fantasy, and interesting theories.
