Write a review of the book, including plot points, if you wish:

This is the continuing drama of Mia as she finishes high school and continues being a princess. After Michael leaves for Japan, she becomes depressed and goes to therapy. Mia finds out that J.P. is also in therapy when he tells her he loves her. She doesn't know whether to wait for Michael to become more than a "friend" or to go with J.P. Adding to the drama: Lilly won't speak to her, Lena wants to be her best friend and she has a huge speech coming up. What will Mia do??
